RE: Final No Further Action Justification Document for OU16 - Low Priority Sites,
October 1992

Dear Mr. Schassburger,

The Colorado Department of Health, Hazardous Materials and Waste Management Division (the Division), has reviewed the above referenced document submitted by DOE and prime operating contractor, EG&G. We hereby approve the No Further Action Justification Document for OU16 - Low Priority Sites.

The Division has determined that close-out of OU 16 can only be achieved by following the administrative process through to the Proposed Plan (PP) and Record Of Decision (ROD). The Division will schedule a meeting for CDH, DOE, EPA, and EG&G staff no later than the week of April 5, 1993 to discuss future actions and schedules for OU16.

If you have any questions regarding this matter, please call Jeff Swanson of my staff at 692-3416.

Sincerely,

Gary W. Baughman
